

Model 288

Kruger & Eckels
Rustrak Strip Chart Recorder

Description

The Model 288 Rustrak Strip Chart Recorder is available to replace recorders installed in existing Kruger & Eckels, Inc. instrumentation.

The recorder is reconditioned with clean mechanisms and a powder coat finished metal case. A clear window allows easy to read display.

Chart speed is 1 inch per hour.

This instrument is available with a millivolt or 4-20 mA input. Please specify Legacy or 6 pin one directional Jones connector.

Water/Wastewater applications include metal finishing, food and beverage processing, and rinse water treatment that require regulation recording.

Model 288 includes a one-year limited warranty and support.

Power Requirement: 115 VAC
Weight: 3.1 lbs.
